NOTES

READ BEFORE MAKING

Dimensions in feet and inches. Do not scale.

THE SQUARE-CORNERED DESK. Same size, same carcass, same carving and mouldings as AST-DR-002 — only the corners change: every layer turns a plain 90° corner instead of the R 5⁷/₈" hollow.

The corner moulding (fillet + bead + fillet), its two collars, carved drop and console stand on each face just in from the corner — front face and end face.

Reeded edge, frieze drawers, rail, the three pedestal drawers each side and the plinth are unchanged.

First-angle projection.
