NOTES

REVISION 9

Wall 14 ft 11 in, ceiling 9 ft 1 in (measured).

Centre panel set equal to the window bay so the two pilasters frame a matched pair; the bookcase takes the remainder as the anchor at the end of the wall.

Window measured: 4 ft wide, 5 ft 5 in tall, hard into the right corner. Sill 2 ft 3 in — CONFIRMED.

OPEN: sill 2 ft 3 + height 5 ft 5 + your 1 ft 3 to the ceiling makes 8 ft 11, two inches short of the 9 ft 1 ceiling. Sill and height are drawn as measured, so the head falls 1 ft 5 down, not 1 ft 3. Laser it.

Counter top is set to the sill at 2'-3", so the two are one surface; this datum runs on round to the right wall rail.

Cupboards under all three bays. Gold on handles only.

NOTES

DETAILS

No carving on pilasters or modillions — mouldings only.

**Flute and modillion spacing to be set out on site
so they finish symmetrically on the wall.**

Mock up profiles 3, 5 and 7 full size before cutting.
