NOTES

READ BEFORE MAKING

Dimensions in feet and inches. Do not scale.

Proportions taken from a film-still reference;

leaf size, opening and thickness are ASSUMED.

Knob centre lands 9'-1 1/4" above the floor — normal height.

D2 · D3 — DRESSING · BATHROOM, 7 ft 7 in x 2 ft 6 in.

Set out on the panel square. The 2 ft 6 in leaf gives a

1'-10 1/4" panel; the upper panel is two of those squares

(3'-8 1/4"), the lower is one (1'-10 1/4"). Rails follow: top 3 1/2",

lock 9", bottom 1 1/4". Knob centre 3'-2 1/4" above the floor.

Both widths take the identical rails and mouldings, so

only the panel width changes — here 1'-10 1/4" per panel.

Solid teak frame. Veneer and polish per

Materials; polish to match the teak desk.

Casting: 2 in lining plus 4 in moulding over it, so the

moulding head sits 6" above the leaf.

See AST-DR-011 (option A) and AST-DR-012 (option B).

Hinges and lock not yet designed.
