Stands off the wall	8 in	
Floor either side	7 1/2 in	

NOTES

CONFIRMED

CONFIRMED by the owner: wings at 45°, and the whole frame — wings angled — inside 3 FT 6 in across

(the red dashed box). All three panels 9 FT tall, level with the wardrobes.

FINAL: centre glass 2 FT 0 in; the wings take everything the 3 FT 6 in frame has left at 45° —

about 7 1/2 in of glass each. Only two things would give bigger wings: a slimmer frame (1 in

frame — about 9 1/2 in), or a steeper angle (80° — about 11 1/2 in).

The wings need a fixed stop at 45°. Opened any flatter, the frame gets wider than 3 FT 6 in.

Hinges: two continuous piano hinges on the back, one at each joint, in the frame finish.

Free-standing, centred on the far wall. 7 1/2 in of floor either side, clear of the folding

and-bay doors, which come out only about 3 in at this depth. Frame finish still open.
