NOTES

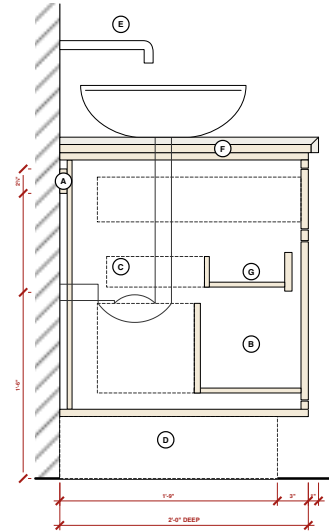

REVISION 1

Taking 1 ft off the left moves the marble's centre 6 in right — onto the faucet. Bowl, drawer split and support all sit on that one line. The top drawers split on it, so the waste drops between them: only the big one is a U.

OPEN — bowl D11V 4" x 3" and the spout are assumed.
With the bowl on a 2'-0" counter its rise is at 2'-0".
OPEN — the support's design: reference photos to come.
