

CONFIRMED - CENTRE GLASS 2 ft 0 in - WINGS AS WIDE AS THE 3 FT 6 IN ALLOWS - 45° - WHOLE FRAME INSIDE 3 FT 6 IN

NOTES

CONFIRMED

CONFIRMED by the owner: wings at 45°, and the whole frame — wings angled — inside 3 ft 6 in across (the red dashed box). All three panels 9 ft tall, level with the wardrobes.

FINAL: centre glass 2 ft 0 in; the wings take everything the 3 ft 6 in frame has left at 45° — about 7½ in of glass each. Only two things would give bigger wings: a slimmer frame (¼ in frame → about 9½ in), or a steeper angle (60° → about 11½ in).

The wings need a fixed stop at 45°. Opened any flatter, the frame gets wider than 3 ft 6 in.

Hinges: two continuous plano hinges on the back, one at each joint, in the frame finish.

Free-standing, centred on the far wall. 7½ in of floor either side, clear of the folding end-bay doors, which come out only about 3 in at this depth. Frame finish still open.

Particulars of the room

Trifold - confirmed
